

HP DesignJet T2600dr 36-in PostScript Multifunction Printer (3EK15A)

Overview

ENGINEERED FOR COLLABORATION—Turn your workgroups into highly efficient teams

Create highly efficient teams with the most compact, quiet MFP[2] that supports collaboration with a smart interface and access to shared folders.[3] Meet deadlines with the fastest print speed and the only automatic print stacking.[2]

SEAMLESS EXPERIENCE—Designed for all

Radically simple experience with a smart 15.6-inch interface and the easiest PDF printing with HP Click.[4]

SECURE—World's most secure large-format printer[1]

Rely on the best network protection with features like HP Secure Boot and whitelisting.[1]

UNLEASH PERFORMANCE—To turn design into delivery

Showcase design versatility from precise line drafts to boldly colored 3D renders, with HP Bright Office Inks.

[1] Advanced embedded security features are based on HP review of 2019 published embedded security features of competitive printers, as of February 2019.

[2] Based on comparable large-format inkjet printers under \$12,000 (USD) as of December, 2018. IDC figures show that Canon, Epson, and HP combine for 98% share of this printing category worldwide as of Q3, 2018. Most compact footprint calculated using all devices in "Operation mode" with an Open Basket and the arm of the Screen (front panel) spread out to enable user interaction and the scanner lifted on the Canon TX 3000 T36 MFP and the Epson SC-T5200 MFP to enable top media loading. Most quiet according to internal HP testing of sound pressure level during operating mode (plain paper, line drawing, Normal mode) compared to published specification of competitive printers. Percentage calculations of noise based on lineal units vs. Canon TX-3000 published spec of 51dB(A). Fastest print speed based on sustained printing speeds. Only automatic print stacking based on unicity of the integrated stacker versus competitive printers only offering basket or bin with stacking position.

[3] Using Lightweight Directory Access Protocol (LDAP).

[4] Compared to Canon Direct Print & Share and based on "One Click Print." Once image is selected, one-click printing when printing the entire file without any modifications to the print settings. Applicable to PDF, JPEG, TIFF, DWF, HP-GL/2 files.
